Name: _____

List Life

What are some lists that you have made before?

- _____
- _____
- _____
- _____
- _____

Now pick one list, and write a few examples of what might be seen inside that list!

[_____ , _____ , _____ , _____]

Congratulations you have your first list! A list is just a *sequence* of *elements*.

randomThings = ['hello', 'Green Bay Packers', 'dog', 'NYC', 42]

Above, there is a new list, notice how the list contains elements of different types.

What *types* are in the *list* randomThings? _____ _____

How many *elements* are in the *list* randomThings? _____

What *element* is in the 3rd index of randomThings? _____
